

a wall for social consciousness **CASH DONATION FORM**

*A Wall for Social Consciousness* relies on your compassion and generosity in order to help the children affected by AIDS in Zimbabwe. The crisis caused by this disease is very complex and it permeates every aspect of life in the country. The medical, social, political and economic implications are vast and too complicated to handle all at once. Our approach is to focus on **one** issue - that of children - and to make as large an impact as possible.

Thank you for your support.
